

ZOOM Conferencing App

On January 20th at the regular business meeting of the Sunrise Group, it was decided with substantial unanimity that the following motion be added to the Service weekend and Assembly agenda.

Motion

The Sunrise Group of District 2 Area 82 so moves that Area 82 implements Zoom Conferencing to help improve communication within Area 82.

What is ZOOM?

Zoom is a web-based video conferencing tool with a local desktop client and a mobile app that allows users to meet online, with or without video.

Why Zoom in Area 82?

For a long time in Area 82 poor communication has been an issue in part due to our geographic make up. With Zoom, communication can be greatly enhanced. Communication between Committees, (P.I., C.P.C., Corrections, Treatment Facilities), Districts, Area Officers, Remote Communities, and the list goes on. Zoom can be used for webinars and other training tools.

What is the cost?

There is a free version of the Zoom App, although it is limited. For a cost roughly \$200.00 a year all our conferencing need would be covered.

Thank in advance for considering this Motion
Sunrise Group.
