### Report on Assembly that included AACYPAA

At the 2017 Area 82 Assembly it was decided to include AACYPAA in the assembly to be held in Corner Brook in 2018 when it would be hosted there in the Fall of 2018. A committee was formed to work along with the Assembly committee to include topics and representatives for members who would be considered under the umbrella of AACYPAA.

Shannon P was elected as chair, and he formed a committee that discussed how best to include AACYPAA in the assembly/round-up. AACYPAA was included in all notices and advance flyers.

The round-up meetings were centered around AACYPAA related topics and the speakers for all the events were representing that younger, or “young at heart” members. A panel discussion concerning issues and problems facing the younger members, and our guest from GSO, Racy J, sat on that committee. The speaker for the dinner meeting for the Assembly and for the farewell spiritual meeting were both representatives of the AACYPAA group.

Overall, the committee felt the inclusion of AACYPAA was beneficial to both the AACYPAA group and all other members as everyone had more knowledge of issues, and the benefits of coming to AA at an earlier age. This committee suggests that AACYPAA be included in the rotation of Assemblies that have an opportunity to coincide with a Round-UP AACYPAA event.

There has not been any follow up meetings of AACYPAA since this assembly

Humbly submitted
